Docket No. 50-397

Director Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Attention: Mr. S. A. Varga, Chief
Branch No. 4
Division of Project Management

Subject: WPPSS NUCLEAR PROJECT NO. 2
STANDARD FORMAT FOR METEOROLOGICAL DATA ON MAGNETIC TAPE

- References:
- 1) Letter, D. B. Vassallo, NRC, to WPPSS Docket No. 50-508, 509, 460, 513, 397, same subject, dated April 22, 1977.
 - 2) Letter, D. L. Renberger, WPPSS, to D. B. Vassallo, NRC, same subject, dated August 10, 1977.
 - 3) Letter, D. B. Vassallo, NRC, to WPPSS Docket No. 50-397, same subject, dated August 15, 1978.

Dear Mr. Varga:

Mr. Vassallo's letter, reference 1, requested meteorological data on magnetic tape in a specified format which was provided by reference 2. Telecon discussion with Mr. Dave Lynch, NRC, on November 17, 1978 indicated that the NRC staff has not been able to read the tapes provided and requested that they be regenerated in accordance with guidance distributed in reference 3.

This letter transmits data tape numbers 3030 and 3048 (mailed separately) containing onsite meteorological data for the periods April 1974 through March 1975 and April 1975 through March 1976, respectively. These tapes have been reformatted according to reference 3. Also enclosed with the tapes are listings of the programs which copied the data to and listed the data from tape number 3030. The day files are attached to these in order to show the parameters specified on the REQUEST and FILE cards of tape number 3030. A listing of data for tape number 3048 is enclosed.
