U. S. Nuclear Regulatory Commission  
Office of Nuclear Reactor Regulation  
Washington, D. C. 20555

Attention: Mr. B. J. Youngblood, Chief  
Licensing Branch 1  
Division of Licensing

Gentlemen:

Subject: WPPSS Nuclear Project No. 2  
Request for Meeting - Geology

As a consequence of your site visit concerning geology on October 16th and 17th, you expressed interest in our intended actions to resolve the geology issues relative to the Hanford site. Accordingly, we request a meeting where we will summarize the issues and give you our proposed plan for resolving them. A more detailed agenda will be forwarded to you approximately two weeks prior to the meeting.

It is our understanding, based on conversations with you, that December 16th is a satisfactory date for the meeting. We will proceed on that basis unless we hear from you otherwise. Please let us know in advance your anticipated list of attendees. If you have any questions concerning the arrangements, please contact our licensing engineer for WNP-2, Mr. O. K. Earle, at (509) 372-5000, extension 2310.

Very truly yours,

G. D. BOUCHEY  
Director, Nuclear Safety
