Mr. R. H. Engelken, Director  
NRC Region V  
Suite 202 Walnut Creek Plaza

Dear Mr. Engelken:

Subject: WPPSS Nuclear Projects Nos. 1/4  
IE Bulletin 80-23, Failures of  
Solenoid Valves Manufactured By  
Valcor Engineering Corporation

References: QJA1056, dated December 15, 1980.

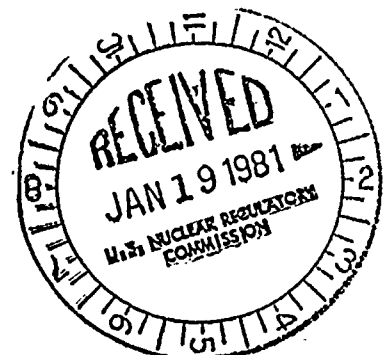

IE Bulletin 80-23, issued on November 14, 1980, identified possible safety problems with specific models of Valcor solenoid valves.

In response to IE Bulletin 80-23, the Supply System has determined that there are none of the subject Valcor solenoid valves currently in the design scope for use on safety systems at the WNP-1/4 projects.

Very truly yours,

*for*   
D. W. Mazur  
Program Director, WNP-1/4
