Dear Mr. Schwencer:

This is in reply to your letter of 7 August 1981 requesting comments on the Draft Environmental Impact Statement for the operation of WPPSS Nuclear Project No. 2, Hanford, Washington.

We have reviewed the statement and have no comments to make. However, we do wish to inform you that any work performed in the Columbia River or any discharge of dredged or filled material on adjacent wetlands of the Columbia River should be coordinated through the Seattle District. Previously, Department of the Army permits were coordinated through the Walla Walla District.

We appreciate the opportunity to review and comment on the statement.

Sincerely,

D. E. OLSON
