Docket No. 50-397

Mr. A. Schwencer, Chief
Licensing Branch No. 2
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Schwencer:

Subject: SUPPLY SYSTEM NUCLEAR PROJECT NO. 2
RESPONSE TO REQUEST FOR INFORMATION

The following is in response to a request made by John Ridgely during a recent telephone conversation regarding information missing from the Fire Protection Evaluation Report, TM 1227, Revision 2.

After Section 2.6.4 on Page 50, a new section should read:

2.6.5 REACTOR BUILDING

The reactor building, in general, is considered a single fire area. As such, redundant equipment which cannot meet the required Appendix R separation criteria must be protected.

Very truly yours,

G. D. Bouchey
Deputy Director, Safety & Security
