SECRETARY Ralf Rider

Mr. A. Schweuer

Chief, Licensing Branch - 2
Division of Licensing
Nuclear Regulatory Commission.

100

We the International Longshoremen's & Warehousemen's Union Local #21, being concerned citizens and rate payers, believe that the N.R.C. should not give further construction permits or extension of existing permits for any of the WPPSS nuclear power plants # 1,2,3,4,5, until a completely independent investigation of safety and need has been completed.

The culpability of the N.R.C., B.P.A. and the Direct Service Customers in a regional power plan is blatantly apparent and should be immediately reconciled to the best interest of the public. We would hope that public hearings would be called for to address all the above issues.
