Docket No. 50-397
G02-83-63
January 21, 1983

Director of Nuclear Reactor Regulation
Attention: Mr. A. Schwencer, Chief
Licensing Branch No. 2
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Schwencer:

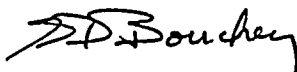

Subject: WNP-2 EMERGENCY PLAN COORDINATION WITH
THE YAKIMA INDIAN NATION

References: 1) Letter, A. Schwencer to RL Ferguson,
same subject, dated September 14, 1982
2) Letter, GD Bouchey to A. Schwencer,
same subject, dated October 6, 1982
3) Letter, GD Bouchey to A. Schwencer,
same subject, dated November 9, 1982

Reference 1 requested that the Supply System coordinate emergency planning with the Yakima Indian Nation. In Reference 2, we indicated that we were attempting to meet with representatives of the Yakima Nation to discuss emergency plans in the 50 mile ingestion path, and that their input would be included in a December 1982 revision in the Emergency Plan. Reference 3 noted that our proposed October meeting with the Yakima Nation did not materialize.

Because we have received no input from the Yakima Nation, a December revision to the Emergency Plan was not prepared. We do intend to revise the Emergency Plan in April of 1983 for other reasons. If we are successful in meeting with the Yakima Nation and obtaining their input by that time, it will be included in the April amendment.

Very truly yours,

G. D. Bouchey, Manager
Nuclear Safety & Regulatory Programs
