Docket No. 50-397

Director of Nuclear Reactor Regulation
Attention: Mr. A. Schwencer, Chief
Licensing Branch No. 2
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Schwencer:

Subject: NUCLEAR PROJECT NO. 2
SOLID WASTE MANAGEMENT SYSTEM FSAR CHAPTER 11
SECTION 11.4, UTILIZATION OF INTERIM PORTABLE
SOLID RADIOACTIVE WASTE SOLIDIFICATION SYSTEM

The Supply System plans to submit a revision to the subject section of the FSAR indicating utilization of a portable radioactive waste solidification system for an interim period after fuel load at WNP-2. The solidification and packaging will be contracted to a vendor qualified to meet applicable regulatory requirements concerning shipments of radioactive wastes from the site.

The contractor will implement a process control program to ensure solidification of all "wet" waste in conformance with applicable guidelines subject to review and approval prior to fuel load.

Should you have any questions regarding this matter, please contact Mr. R. M. Nelson, Manager, WNP-2 Licensing.

Very truly yours,

G. D. Bouchey

Manager, Nuclear Safety and Regulatory Programs
