## Washington Public Power Supply System

P.O. Box 968 3000 George Washington Way Richland, Washington 99352 (509) 372-5000

Docket No. 50-397

March 8, 1985  
G02-85-122

Director of Nuclear Reactor Regulation  
Attention: Mr. A. Schwencer, Chief  
Licensing Branch No. 2  
Division of Licensing  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Schwencer:

Subject: NUCLEAR PLANT NO. 2  
OPERATING LICENSE NPF-21, CLARIFICATION OF  
REQUEST FOR AMENDMENT TO LICENSE CONDITION (28)

References: 1) Letter, G02-85-021, G. C. Sorensen (SS) to A.  
Schwencer (NRC), Same Subject, dated January 17, 1985  
2) Letter, G02-85-048, G. C. Sorensen (SS) to A.  
Schwencer (NRC), Same Subject, dated January 30, 1985

The purpose of this letter is to clarify that the Reference 2 letter was not intended to supersede Reference 1, but rather supplements Reference 1. This clarification is submitted at Staff request. Specific items listed in the two Reference letters constitute a request for amendment.

RCIC and LPRM components are to be listed in the amendment published in the Federal Register by generic reference, pending Supply System action to either provide a list of RCIC/LPRM equipment/component numbers or delete all or a portion of the RCIC/LPRM items from the list. This Supply System action was committed on or about the first week of March, 1985.

RCIC downgrade will be completed prior to March 31 by implementation of ADS modification; therefore, no RCIC component qualifications need be extended by amendment. The LPRM components are listed on Attachment to this letter.

Thank you for your cooperation in this matter. Should you have any questions, please contact Mr. P. L. Powell, Manager, WNP-2 Licensing.

Very truly yours,

*G. C. Sorensen*
