Mr. Donald W. Mazur
Managing Director
Washington Public Power
Supply System
P.O. Box 968
Richland, WA 99352-0968

Dear Mr. Mazur:

During their regular meeting of September 9, 1985, the Council adopted a motion authorizing the reissuance of the enclosed WNP-2 NPDES Permit (No. WA-002515-1). The permit renewal is effective for a five-year period through September 1990.

The permit approved by the Council reflects updated discharge limitations based on the plant's operating experience and the general conditions have been expanded to incorporate current federal guidelines and standards. The Council appreciates the cooperation received from the Supply System in its consideration of the permit.

If you have any questions, please let me know.

Sincerely,

Curtis Eschels
Chairman
