Dear Mr. Moore:

Subject: **WNP-2 OPERATING LICENSE NPF-21
1998 EXERCISE SCENARIO REVISION**

This letter is being submitted in response to concerns identified in the letter to FEMA dated August 3, 1998 and the letter to the NRC dated August 14, 1998 regarding the WNP-2, 1998 Emergency Exercise Scenario. These letters raised the concern that the scenario may not be challenging enough to offsite jurisdictions to allow demonstration of certain offsite objectives.

The WNP-2, 1998 Emergency Exercise Scenario has been revised to address concerns raised by both FEMA and the NRC. A revised Section 6 to the scenario manual has been included as an attachment to this letter. Section 6 provides a narrative summary for the scenario as well as a timeline of events. Should you have any questions or desire additional information regarding this matter, please contact T.C. Messersmith, Corporate Emergency Preparedness, Safety and Health Officer at (509) 377-8568. 1/6
