Gentlemen:

Subject: NUCLEAR PLANT NO. 2, OPERATING LICENSE NO. NPF-21
WITHDRAWAL OF APPLICATION TO DISPOSE OF
VERY LOW-LEVEL RADIOACTIVE WASTE ONSITE

Reference: Letter (No. G02-89-069), G.C. Sorensen (Supply System)
to US NRC, dated April 24, 1989

With the referenced letter the Supply System submitted an application for approval to dispose of low-level radioactive waste onsite in accordance with 10 CFR 20.302(a). Submittal of the application to the NRC was consistent with a proposed rule change (see 53 FR 31880) under which the NRC would reclaim authority over onsite disposal in Agreement States. Because a change to existing policy (explained in IE Information Notice 86-90) is not anticipated in the near-term, the Supply System hereby withdraws its referenced request.

If you have questions concerning this matter, please contact me at (509)372-5238.

Very truly yours,

G. C. Sorensen, Manager (280)
