# Federal Emergency Management Agency

Washington, D.C. 20472

JUL 5 1990

Mr. Frank J. Congel  
Director  
Division of Radiation Protection  
and Emergency Preparedness  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Congel:

Enclosed is a copy of the final report for the April 3, 1990, remedial drill of the offsite radiological emergency preparedness plans site-specific to the WNP-2 Nuclear Power Plant. Benton and Franklin Counties participated in the drill. The drill report was prepared by the Region X staff of the Federal Emergency Management Agency (FEMA).

The remedial drill was conducted in order for Benton and Franklin Counties to demonstrate the capability to alert and notify the recreational population of the Horn Rapids Off-Road Vehicle (ORV) Park and the surrounding ORV triangle in Richland, WA, within 45 minutes of an emergency at the WNP-2 site. This capability was found to be deficient in the September 18, 1986 exercise and again during a remedial drill held on August 12, 1987. In the April 3, 1990, remedial drill, Benton and Franklin Counties met the required 45-minute criteria for alerting and notifying the population in the ORV Park and its surroundings and corrected the previous deficiency; therefore, there is now reasonable assurance that the public health and safety can be adequately protected in the event of an accident at the WNP-2 Nuclear Power Plant.

Five Areas Requiring Corrective Actions (ARCAs) were identified during the remedial drill. FEMA Region X has discussed the necessary corrective actions with Benton County and the report reflects the county's commitments, action plans, and milestone dates to address these issues. Corrective actions are scheduled to be complete by January, 1991. Until these issues are corrected, FEMA will continue to withhold a finding of adequacy for the Alert and Notification system for the WNP-2 Nuclear Power Plant.

FEMA Region X staff will furnish a copy of this final drill report to the State of Washington.
