Subject: SYSTEMATIC ASSESSMENT OF LICENSE PERFORMANCE (SALP) REPORT
WNP-2

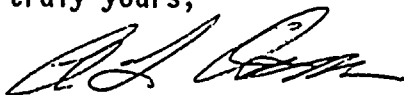

Reference: Letter, J. B. Martin to D. W. Mazur, same subject, dated
November 8, 1990

We appreciated the opportunity to meet with you and members of your staff on November 29, 1990 to discuss the recently issued WNP-2 performance assessment report.

As we indicated at the November 28 meeting, the Supply System does not take exception to the report. We were pleased to note that the NRC recognizes the improvements that the Supply System has made since the previous assessment period. It is our intent to continue with the programs that have contributed to this improvement, making adjustments as necessary to correct identified weaknesses.

At the next quarterly management meeting, we will address those actions that are being taken to remedy weaknesses identified in your letter of November 8 and in our discussions on November 28.

Very truly yours,

A. L. Oxsen, Assistant Managing Director
for Operations
