

# Federal Emergency Management Agency

Washington, D.C. 20472

MAY 24 1991

Mr. Frank J. Congel  
Director  
Division of Radiation Protection  
and Emergency Preparedness  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Congel:

Enclosed is a copy of the final drill report for the April 3, 1991, Washington Emergency Operations Center (EOC) Off-Hours/Unannounced drill. The State of Washington participated in the drill. The drill report was prepared in May 1991 by the Region X staff of the Federal Emergency Management Agency (FEMA).

The purpose of the drill was to evaluate the capability of the Washington EOC staff to activate the Washington EOC during non-work hours between 6:00 p.m. and 4:00 a.m. The Washington EOC staff demonstrated this capability by alerting the key EOC staff who reported to the EOC in a timely manner.

No deficiencies or areas requiring corrective actions were identified during the drill. The FEMA Region X staff has forwarded a copy of the report to the State of Washington.

If you should have any questions, please contact Mr. Craig S. Wingo, Chief, Technological Hazards Division, at (202) 646-3026.

Sincerely,

A handwritten signature in cursive script, reading "Craig S. Wingo".

Dennis H. Kwiatkowski  
Assistant Associate Director  
Office of Technological Hazards
