Dear Mr. Martin,

Subject: **REQUEST FOR WNP-2 REQUAL TRAINING PROGRAM  
PROVISIONAL SATISFACTORY STATUS**

- Reference: a) Memorandum dated April 2, 1992, T. E. Murley to NRC Regional Administrators "Revision to Process For Restoring Unsatisfactory Requalification Programs to a Satisfactory Status"
- b) Letter received April 22, 1992, R. P. Zimmerman to G. C. Sorensen "NRC Training Issue Followup Inspection and Operational Evaluation (Report No. 50-397/92-04)"

In accordance with the requirements of the Thomas E. Murley memorandum (Ref. a), the Supply System is formally requesting to have the WNP-2 Licensed Operator Requalification Training Program returned to a provisionally satisfactory status.

All requirements of the referenced memorandum and letter have been complied with. Each short term and intermediate term corrective action item has been completed and implemented. Mr. Tom Meadows, NRC Region V, has verified through an on-site inspection conducted during the week of February 24, 1992, (Ref. b) and through additional followup correspondence with the Supply System staff, the satisfactory status of each corrective action item.

The Supply System believes the quality of the Requalification program has been significantly strengthened over the past several months as a result of implementing the requirements of the short and intermediate term corrective action items.
