Docket No. 50-397

U.S. Nuclear Regulatory Commission
Attn: Document Control Desk
Mail Station P1-37
Washington, DC 20555

Gentlemen:

Subject: **CHANGE OF ADDRESS**

As discussed in the attachment, the Washington Public Power Supply System's (Supply System) address has changed. Our corporate offices have moved. Therefore, 3000 George Washington Way is no longer a valid address.

In addition, please find enclosed the Supply System's current distribution list for NRC correspondence. Please distribute the attachments to those individuals in your organization who interface with the Supply System so that their records can be changed. Since we will only have a P.O. Box for U.S. Postal Service mail, anyone wanting to send us information by means of Federal Express (or alternate carrier) must use one of the listed "shipping" addresses.

Your assistance in this matter is appreciated. Should you have any questions, please feel free to call Ms. Lourdes Fernandez at (509) 377-4147.

Respectfully,

D. A. Swank
Manager, Regulatory Affairs
