Docket No. 50-397

U.S. Nuclear Regulatory Commission
Document Control Desk
Washington, D.C. 20555

Gentlemen:

Subject: **WNP-2, OPERATING LICENSE NPF-21, 1998 QUALITY
AUDIT OF WNP-2 EMERGENCY PREPAREDNESS PROGRAM**

Enclosed is a copy of the 1998 Quality Audit of the WNP-2 Emergency Preparedness Program. This is transmitted to your organization in accordance with NUREG-0654, Section II, Criteria P.9.

Three Problem Evaluation Requests (PERs) and twelve recommendations for improvement were issued as a result of audit activities. Though some opportunities for improvement exist within the Emergency Preparedness area, the audit results indicate that the WNP-2 Emergency Preparedness Program is capable of protecting the health and safety of the public in the event of an emergency.

If you have any questions regarding the audit, please contact Tim Messersmith, Corporate Emergency Preparedness, Safety & Health Officer at (509) 377-8568.

Respectfully,

P. R. Bemis (Mail Drop PE23)
Vice President, Nuclear Operations
