Subject: NRC I&E Bulletin No. 80-09  
Hydramotor Actuator Deficiencies  
File: D.4.01.1; 80-055-026

Dear Mr. Engelken:

In reference to your I&E Bulletin No. 80-09, we have determined that two of our suppliers make use of Hydramotor Actuators. These are:

1. Fisher Controls
2. Honeywell (subsupplier to Waldinger Corporation - HVAC)

We are in the process of determining if these actuators are used in safety-related systems on PVNGS and if corrective actions are required.

We request an additional 30 days to obtain the information to respond to the Bulletin.

If you have any questions, please advise.

Very truly yours,

*E. E. Van Brunt*
