RE: Lic. No. 13-32400-01, current Mail Control No. 601407

Dear Mr. Strohmeier:

On April 17, 2017 we submitted an amendment to our license for a location change. This necessitated a temporary license for the Munster location (old area) and Dyer (new area). For what ever reason you office did not receive the documents. As a consequence, we are requesting an expedited amendment to decommission the Munster location (old area).

Sincerely,

Les Kazmierczak
Executive Director
