"TO PROMOTE AWARENESS OF SOLAR CAPABILITIES... AND DEMONSTRATE APPROPRIATE ALTERNATIVE TECHNIQUES, STRESSING VOLUNTARY CO OPERATION AND MUTUAL AID IN ACHIEVING ENERGY SELF-SUFFICIENCY"

Dear Sirs:

I would like to respond to the D.E.S. (Draft Environmental Statement) concerning the Palo Verde Generating Station in Arizona. How could I obtain this?

Also, I would like to respond to the issue as a whole, and was wondering if you could not also provide me with some of the major groups who are leading (or registering complaint) against the plant, so that I may also contact them.
