Reference: Letter to J. B. Martin (NRC) from E. E. Van Brunt, Jr., dated
March 10, 1988

Dear Mr. Martin:

As a result of ANPP/NRC management meeting held on February 29, 1988, the referenced letter was submitted to provide additional information concerning corrective action taken in response to the improper setting of the Limitorque limit switches on the auxiliary feedwater pump.

Item (g) of page 5 discusses a planned evaluation of actions being initiated to enhance the system engineer's qualification program.

The scheduled performance for this evaluation was stated as June, 1988. Based upon the schedule for actions required by the items a-f this performance date should have been June, 1989.

If you have any questions, please contact Mr. Timothy Shriver of my staff at (602) 393-2521.

Very truly yours,

E. E. Van Brunt, Jr.
