Dear Sir:

Subject: Palo Verde Nuclear Generating Station (PVNGS) Unit 1 Restart  
Docket No. STN 50-528 (License No. NPF-41)  
File: 90-056-026

This letter confirms compliance with the agreed upon course of action for the restart of PVNGS Unit 1 as outlined in Reference (1). This submittal also confirms completion of the items contained in the PVNGS Unit 1 Restart List which was provided to you as an attachment to Reference (2). The specific actions taken to address those items have been documented in individual closure packages previously provided to the NRC Senior Resident Inspector.

References (3), (4) and (5) describe the current status of the emergency lighting system.

The Management Review Committee has evaluated the actions identified in the Unit 1 Restart Program, concluded that Unit 1 is ready for restart and so advised me. I have reviewed the status of preparations to restart Unit 1 and have so determined that Unit 1 is ready for restart.
