**Subject:** [External\_Sender] RE: QUESTION: Seabrook/NRR May Public Meeting regarding Seabrook LRA ASR

Afternoon Lois,

Yes, we would like to arrange for a public meeting at NRR with Nextera representatives to discuss Alkali Silica Reaction at Seabrook, License Renewal, bring the staff up to date on the building susceptibility studies at the plant, discuss the status of the Seabrook SER and have some dialog on potential license conditions for Part 50 vs Part 54 as it relates to aging management programs for Alkali Silica Reaction Programs at Seabrook.

The 2<sup>nd</sup> week in May (8th-12th) would be best for our staff availability, please let me know if this would suit your schedule also. I would estimate approx. 3-4 hrs run time.

Thanks,

Ken Browne  
Licensing Manager  
NextEra Energy-Seabrook  
603-479-2025

**Subject:** RE: QUESTION: May Public Meeting regarding Seabrook LRA ASR

Lois,

We have been discussing need. This is a Corporate Licensing / Licensing action as it involves the current Part 50 LAR for ASR and License Renewal schedule going forward. I am forwarding to Ken but I expect it may be a little bit before this is solidified with current plant refueling outage.

**Subject:** QUESTION: May Public Meeting regarding Seabrook LRA ASR

CAUTION - EXTERNAL EMAIL

Ed,

I am being asked about a public meeting in May that NextEra has requested where we can discuss the LRA ASR technical issues.

1. Do you want a public meeting at HQ in May? When?
2. Who would be attending?
3. What would you specifically like to discuss? The most recent RAIs?

Lois M. James  
Project Manager – Seabrook
