Justin,

We have most if not all of the major ASR specialty engineering folks here on site that week as well as SGH available. Please let us know which days that you would like to establish for meeting.

CAUTION - EXTERNAL EMAIL

Ken,

Earlier this month we talked about possible weeks for the site audit. One of the weeks we were proposing was the week of June 5th. At this time this seems to be the best week for the staff. Would that week work for Seabrook/NextEra and potentially your contractors?

Also earlier this month, in preparation for the audit, I suggested having a call to discuss some of the questions/clarifications/issues the staff has raised and would potentially address during the audit.

I understand that the outage is wrapping up so let me know when would be a good time to discuss. Thanks.
