Subject: [External_Sender] FW: Week of June 5th NRC Audit on ASR LAR and Bill Cook visit for ASR PI&R sample

Justin,
Please see current access status:

Buford, Cook, and Floyd have current access. Lehman, Poole, Thomas, and Wittick are not active and they do not appear on the current NRC access letter so we'll need certification from the NRC and ACX requests entered to badge them.

From an operational standpoint, be aware that on June 5th we have approximately 30 people expected to process that morning. We will prioritize the NRC but we may be challenged to run the two offices (High Rise and OSB) as we're processing. Thanks.
