Sounds good.

I asked Vicki to look at your clearance and she said that the region had not yet issued a good guy letter yet.

I will have her re-schedule the Monday afternoon meeting to include all.

CAUTION - EXTERNAL EMAIL

Ken,

We just had our internal audit/PIR meeting and our plan is that both teams (LAR audit and Bill's PIR inspection teams) would like to work as one on Monday afternoon. Meaning we'd like to do the joint entrance at 1330 (wont be long), followed by an update by your staff on ASR activities to both teams, and then followed by the ASR tour for both teams. Our other thought is that Tues morning it would probably be good to all get together again and layout what we plan to cover for that day and maybe knock out some of the discussions/topics that both teams have in common, that way you don't have 2 teams asking you to go over the same thing at different times. We can talk more about those on Monday before we take off for the day.

Any update on my security clearance status?

Thanks.
