Dear Sirs:

**Subject: Palo Verde Nuclear Generating Station (PVNGS)
Units 1, 2, and 3
Docket Nos. STN 50-528/529/530
Transmittal of Probabilistic Risk Assessment Model Files to Nuclear
Risk Management Technologies**

In early 1996, Mr. Richard D. Fowler of Nuclear Risk Management Technologies (NRMT) requested from Arizona Public Service Company (APS) copies of the electronic files of the PVNGS probabilistic risk assessment (PRA) model. The files were to be used by NRMT to create a Systems Analysis Programs for Hands-on Integrated Reliability Evaluations (SAPHIRE) database at the Idaho National Engineering Laboratory as part of a project for the Nuclear Regulatory Commission. APS supported this effort by providing the requested files to Mr. Fowler in 1996.

Should you have any questions, please contact Scott A. Bauer at (602) 393-5978.

Sincerely,

Angela K. Krainik
Department Leader
Nuclear Regulatory Affairs
