Delay of Response to Request for Additional Information Regarding  
Individual Plant Examination of External Events Submittal for the Palo  
Verde Nuclear Generating Station.**

Dear Sirs:

Arizona Public Service Company (APS) will provide the IPEEE information requested in NRC letter dated October 23, 1997, by February 27, 1998. Additional time is required to enable APS to provide a complete and accurate response that will fully address the questions and issues identified in the NRC request. Further, the additional time will allow APS to accommodate internal operational and staff resource schedules. APS understands that no further information is required to be provided regarding seismic or high wind, flood and other external events areas.

Please contact Mr. Scott Bauer at (602) 393-5978 if you have any questions or would like additional information regarding this matter.

Sincerely,

  
For W.E. Ide
