Dear Sirs,

**Subject: Palo Verde Nuclear Generating Station (PVNGS)
Units 1, 2 and 3
Docket Nos. STN 50-528/529/530
Extension of Material Balance Report Submittal Date**

This letter documents a telephone conversation between Glenn Michael, Senior Licensing Engineer, Arizona Public Service (APS), and Mr. Chuck Emeigh, Section Chief, Licensing and Safeguards Branch, NRC, on April 21, 1999. APS initiated the phone call to request an extension for submitting the next material balance report for PVNGS required by 10 CFR 70.53 and 74.13. The next required material balance report submittal is due by April 30, 1999, but 10 CFR 74.13(a)(1) contains the provision that the Commission may permit a licensee to submit the reports at other times when good cause is shown. Mr. Emeigh agreed that APS may delay submittal of the next material balance report until May 31, 1999.

APS commits to submit the next material balance report required by 10 CFR 70.53 and 74.13 by May 31, 1999.

Should you have any questions, please contact Scott A. Bauer, APS, at (602) 393-5978.

Sincerely,

1/0
