Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Denton:

This letter is in response to Mr. William Miller's letter of April 27, 1979 concerning the findings of a preliminary review of our March 27, 1979 application proposing Technical Specification changes to Appendix A and B for the Donald C. Cook Nuclear Plant Unit Nos. 1 and 2. The application was accompanied by fees totalling \$4400. Based on your review, it has been determined that our application requires two Class III fees totalling \$8000 and two Class I fees totalling \$800, since the action is for both Units 1 and 2. As such, the additional fee of \$4400 accompanies this letter.

Very truly yours,

John E. Dolan
