U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Denton:

This letter corrects an administrative error made in our letter of August 24, 1981 (AEP:NRC:0575) which submitted for approval proposed PDC II Technical Specifications in Unit 2. The August 24, 1981 letter stated in part that "...the proposed changes contained herein have been reviewed and approved by the Plant Nuclear Safety Review Committee..." Please be advised that this statement is incorrect and that the PNSRC meeting will be held prior to September 1, 1981. Should the conclusions of their review disagree with the statements made in our letter of August 24, 1981 we will promptly notify you and resubmit our request as appropriate.

We regret this development and hope that the matter does not cause any inconvenience in your review.

Very truly yours,
