Emergency Plan Exercise

Mr. James G. Keppler, Regional Director
U.S. Nuclear Regulatory Commission
Office of Inspection and Enforcement
Region III
Glen Ellyn, Illinois 60137

Dear Mr. Keppler:

This letter and its Attachment respond to your request of January 12, 1982 to submit detailed schedule exercise information to ensure adequate review and coordination with all the participating organizations.

The Attachment contains the Scope of Exercise and Objectives to be fulfilled. This scope is considered preliminary and subject to change.

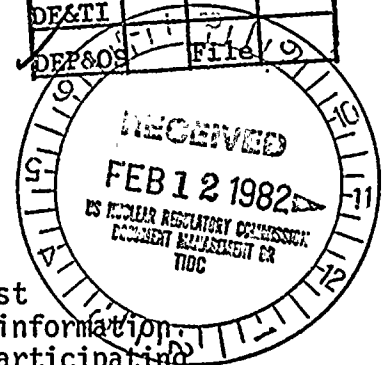

We were planning to submit the exercise scenario to you two weeks before the exercise, in accordance with your previous request. We are now accelerating our scenario development schedule. We plan to send you the detailed description of the exercise scenario and anticipated licensee actions by February 19, 1982. If the Scope of Exercise and Objectives are revised as the result of input from FEMA, state or local requirements or questions, we will advise you in the February, 1982 submittal.

We will submit to you a complete controller/prompter package containing information to be supplied to the observers and participants on or about March 10, 1982.

This schedule is consistent with our current exercise date of March 30, 1982.

ATTACHMENT 1 TO AEP:NRC:03080

Exercise Date: March 30, 1982

Scope of Exercise: The exercise will result in a series of actions that permit the scenario to escalate, from a normal routine condition during plant operation through a series of equipment failures, to several classes of emergency action levels.

The objective of the exercise is to test the following response capabilities:

On-Site

- a. Fire Brigade Activation
- b. Classification of Emergency
- c. Communications
- d. Personnel Injury
- e. Accident Assessment
- f. Dose Assessment
- g. Off-Site and On-Site Monitoring Team Activation
- h. Personnel Accountability
- i. Notification of Off-site Authorities
- j. Technical Support Center Operations
- k. Protective Response Capability

Off-site

- a. Communications as per the Berrien County and State of Michigan Emergency Plans.
- b. Direction and Control as per the Berrien County and State of Michigan Emergency Plans.
- c. Public Information - activation of Joint Public Information Center.
- d. AEPSC Corporate Support

As we develop the scenario, the Scope and Objectives may be modified or revised. Any changes to the above will be noted in our submittal of the scenario in mid-February.
