CANARY - ORIGINATOR COPY
PINK - WORKING COPY

- 4.3.10 Assume responsibility for the dose assessment and radiation protection function from the TSC.
- 4.4 The Communications Director shall perform the following functions:
 - 4.4.1 Establish a chronological history log of events and make this log available to communications, dose assessment, radiation protection, and other EOF personnel.
 - 4.4.2 Ensure that detailed event data, PMP 2081 EPP.020, Exhibit B, is made available regularly to communications, dose assessment, and radiation protection personnel. Normally this data will be provided every fifteen minutes by telecopier from the TSC.
 - 4.4.3 Ensure the communicators, dose assessment, and radiation protection personnel are brought up-to-date regarding event data and information required to perform their functions.
 - 4.4.4 Establish communication with the Berrien County Sheriff's Department, Michigan State Police, Nuclear Regulatory Commission (Emergency Notification System and Health Physics Network), American Electric Power Initial Assessment Group, and Public Affairs. Assume responsibility for this function from the TSC.
 - 4.4.5 Assign an individual, the runner if available, to distribute two sets of flow diagrams and one-line diagrams to the Public Affairs Communication desk and the recovery and control managers office.
 - 4.4.6 Communicate requests from off-site groups to the Technical Director.
- 4.5 The Radiological Assessment Director is responsible for:
 - 4.5.1 Performing dose calculations for on-site and off-site areas and reporting these results to the Communications Director and Radiation Control and Waste Handling Manager.
 - 4.5.2 Recommending Protective actions on-site and off-site when appropriate.
