Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Attn: Office of Resource Management Division
of Accounting and Finance

Dear Mr. Denton:

Enclosed please find a check in the amount of \$4,400 for review of our request for relief from the requirements of Section XI of the ASME Code, and review of additional information provided to you on our ISI Program. The specifics of this payment are further described in the letter from Mr. William O. Miller to us dated August 8, 1983.

This document has been prepared following Corporate procedures which incorporate a reasonable set of controls to insure its accuracy and completeness prior to signature by the undersigned.

Very truly yours,

M. P. Alexich
Vice President

1. The first part of the report is a general statement of the purpose and scope of the study. It is followed by a brief review of the literature on the subject.

2. The second part of the report is a description of the methods used in the study. This includes a description of the subjects, the experimental design, and the data collection procedures.

3. The third part of the report is a presentation of the results of the study. This includes a description of the data and a discussion of the findings.

4. The fourth part of the report is a discussion of the implications of the study. This includes a discussion of the theoretical implications and the practical implications of the findings.

5. The fifth part of the report is a conclusion. This includes a summary of the findings and a statement of the author's conclusions.

6. The sixth part of the report is a list of references.

7. The seventh part of the report is a list of appendices.

8. The eighth part of the report is a list of footnotes.

9. The ninth part of the report is a list of tables.

10. The tenth part of the report is a list of figures.

11. The eleventh part of the report is a list of symbols.
