Columbus, Ohio 43216-6631

July 9, 1984

Ms. Cathy Schaeffer  
Chief, Publication Services Section  
Document Management Branch TIDC/ADM  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Ms. Schaeffer,

I enclose a couple of labels and copies of the title pages of items I recently received. Despite all of the changes which were recently made to our mailing list, these two have not been changed. Please arrange to have these transferred to my name if possible, and if not to M. P. Alexich, or J. E. Dolan.

Thank you for your cooperation.

Yours truly,

Katherine Blauer  
Technical Information Coordinator

1. The first part of the report is a general statement of the purpose and scope of the investigation. It is followed by a brief review of the literature on the subject.

2. The second part of the report is a description of the experimental methods used in the investigation. It includes a detailed account of the apparatus and the procedures followed.

3. The third part of the report is a presentation of the results of the investigation. It includes a series of tables and figures which illustrate the data obtained.

4. The fourth part of the report is a discussion of the results and a comparison with the results of other investigators. It also includes a summary of the conclusions reached.

5. The fifth part of the report is a list of references to the literature cited in the report.

6. The sixth part of the report is a list of the names of the persons who assisted in the investigation.
