Donald C. Cook Nuclear Plant Unit Nos. 1 and 2  
Docket Nos. 50-315 and 50-316  
License Nos. DPR-58 and DPR-74  
UNIT 2 OUTAGE-RELATED AND 1985 YEAR-END EXTENSION REQUEST

Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Denton:

The D. C. Cook Unit 2 was scheduled for a refueling outage in November 1985. With the Commission's approval (letter dated November 14, 1985) we have rescheduled the Unit 2 refueling outage for late February 1986. As a result of that extension, there are several outage-related and 1985 year-end commitments that cannot be met.

Pursuant to discussions with your staff, the following is a tentative list of commitments which will be extended from December 31, 1985 until the end of the Unit 2 refueling outage which is currently scheduled to begin in February 1986. This letter is to inform you of those commitments and to request changes in the appropriate documentation to allow continued operation until the end of that outage.

- (1) Appendix R Items III.G.2 and III.G.3 modifications such as cross-connects between units which must be completed during a Unit 2 refueling outage. Appendix R Item III.J will be completed two months after the restart of Unit 2. This two-month period is required so that we can determine the best location for the emergency lighting.
- (2) The Reactor Vessel Level Instrumentation System (RVLIS) will be extended. Although we believe that it may be functional before the end of 1985, we understand that we must allow time for your staff's pre-implementation review before declaring it operable.
- (3) Implementation of upgraded EOPs in both Units 1 and 2 will be extended on both units for consistency of operation between units.

THE UNITED STATES OF AMERICA  
DO hereby certify that  
the following is a true and correct copy  
of the original as the same appears on the records of the  
Department of the Interior.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of the Department of the Interior at Washington, D. C., this 1st day of January, 1901.

DEPARTMENT OF THE INTERIOR

TO ALL WHOM THESE PRESENTS SHALL COME, I GREETING. WHEREAS, the following is a true and correct copy of the original as the same appears on the records of the Department of the Interior.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of the Department of the Interior at Washington, D. C., this 1st day of January, 1901.

DEPARTMENT OF THE INTERIOR  
TO ALL WHOM THESE PRESENTS SHALL COME, I GREETING. WHEREAS, the following is a true and correct copy of the original as the same appears on the records of the Department of the Interior.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of the Department of the Interior at Washington, D. C., this 1st day of January, 1901.

DEPARTMENT OF THE INTERIOR  
TO ALL WHOM THESE PRESENTS SHALL COME, I GREETING. WHEREAS, the following is a true and correct copy of the original as the same appears on the records of the Department of the Interior.

- (4) The Safety Parameter Display System (SPDS) will be extended on both Units 1 and 2 for consistency of operation between units.
- (5) The Technical Support Center (TSC) and the Emergency Offsite Facility (EOF) will also be dependent upon completion of the SPDS. We will maintain the Emergency Response Facilities which have been demonstrated effective during Emergency Preparedness Exercises.

Item (2) is a NUREG-0737 1985 year-end commitment. Items (3), (4), and (5) are specified under Confirmatory Order dated July 12, 1985. In addition to the above items, we have certain Technical Specification surveillances that were scheduled to be done during the refueling outage. A letter requesting change of the surveillance intervals associated with these specifications will be transmitted to you shortly.

This document has been prepared following Corporate procedures which incorporate a reasonable set of controls to insure its accuracy and completeness prior to signature by the undersigned.

Very truly yours,

  
M. P. Alexich *qmx*  
Vice President 11/27/85
