STEAM GENERATOR MEETING

Mr. Harold R. Denton, Director
Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

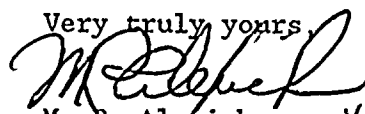

Dear Mr. Denton:

On September 16, 1986, representatives of Westinghouse Electric Corporation and the American Electric Power Service Corporation (AEPSC) made a presentation to members of your staff. The purpose of the presentation was to discuss justification for continued operation of the D. C. Cook Nuclear Plant Unit No. 2 as well as our plans regarding steam generator repair.

The purpose of this letter is to transmit, in response to a request by members of your staff, the slides used during that presentation. Attachment 1 to this letter contains copies of the slides presented by representatives of AEPSC. Attachment 2 contains copies of slides without proprietary information, presented by representatives of Westinghouse. Attachment 3 contains Westinghouse slides with Westinghouse proprietary information. We respectfully request that Attachment 3 be withheld from the Public Document Room, as discussed by Westinghouse in their letter NS-NRC-86-3164 (E. P. Rahe, Jr., Westinghouse, to J. Lyons, NRR, dated September 12, 1986), a copy of which is included in that attachment.

This document has been prepared following Corporate procedures which incorporate a reasonable set of controls to insure its accuracy and completeness prior to signature by the undersigned.

Very truly yours,

M. R. Alexich
Vice President
