Attn: A. B. Davis

Dear Mr. Davis:

On May 1, 1989, The Donald C. Cook Nuclear Plant submitted a Special Report, per Technical Specification 3.3.3.3 action b, regarding a Seismic Monitoring Instrument (Free Field Seismic Trigger) that was inoperable for longer than 30 days.

In the report, we stated that it was anticipated that a new trigger would arrive and be installed by July 31, 1989. This letter is to inform you that we were able to obtain a new seismic trigger sooner than expected and that it was installed on May 23, 1989 and declared operable on May 26, 1989.

Respectfully,

W. G. Smith, Jr.
Plant Manager
