March 6, 1990

Dear Mr. Murley:

The purpose of this letter is to modify an earlier application as requested by your staff in a telephone conversation held on Wednesday, February 28, 1990. The original proposed changes were submitted in AEP:NRC:1071F. Specifically, the words "or the reactivity equivalent thereof" have been deleted in paragraphs 2.C(5) and 2.C(3)(s), "Spent Fuel Pool Storage," of the license conditions for Units 1 and 2 respectively.

The affected pages for both license conditions are attached. These pages contain the proposed changes submitted to you in AEP:NRC:1071F with the modification you requested. We appreciate the effort of your staff in reviewing AEP:NRC:1071F so quickly.

This document has been prepared following Corporate procedures that incorporate a reasonable set of controls to ensure its accuracy and completeness prior to signature by the undersigned.

Sincerely,

M. P. Alexich
Vice President
