October 5, 1989

Dear Dr. Murley:

The 1989 Emergency Plan Exercise was held at the Donald C. Cook Nuclear Plant on September 20, 1989. Advance submissions of the exercise scope and objectives, and the exercise scenario package, were made to the NRC Region III Emergency Preparedness Section on June 16, 1989 and July 21, 1989, respectively.

In accordance with guidance provided by letter from Mr. A. B. Davis, NRC Region III to Mr. John E. Dolan, AEPSC, dated March 16, 1987, the exercise information noted above was not transmitted to the NRC Document Control Desk or the NRC Resident Inspector.

The exercise has now been completed and in accordance with 10 CFR 50.4, enclosed are the exercise scope and objectives, and the detailed scenario documentation. Minor revisions were made to the scenario prior to the exercise and were provided to the Region III inspection team prior to the exercise. These changes are included in the enclosed package.
