October 11, 1989

Reference; (a) USNRC Letter Dated 8/3/89 from G. C. Wright to Mr.  
M. P. Alexich (90-day Notification Letter)

Dear Dr. Murley: .

As required in reference (a), this letter transmits one complete set of approved (where appropriate) D. C. Cook Plant reference materials to Region III NRC Headquarters. These reference materials are being provided for use in developing and administering our upcoming NRC Requalification Examination. Accompanying this letter to Region III are:

1. Proposed RO and SRO requalification examination test items (366 Part A and 400 Part B items).
2. All reference material and objectives for the proposed test items in addition to 15 simulator scenarios and 75 job performance measures.
3. A requalification training cycle sampling plan.
