Fee for AEP:NRC:00500A

Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Denton:

This letter responds to Mr. W. O. Miller's letter of May 20, 1981 concerning the payment of a processing fee to the Commission for our submittals dated October 7, 1980 (AEP:NRC:00476), January 12, 1981 (AEP:NRC:00500) and April 24, 1981 (AEP:NRC:00500A). These submittals transmitted information pertaining to Hydrogen Mitigation and Control for the Donald C. Cook Nuclear Plant.

Mr. Miller states in his letter that ONRR considers the above mentioned submittals to involve a complex issue requiring both Class IV and Class I fees pursuant to the requirements of 10 CFR 170.22. Accordingly, attached is a check in the amount of \$12,700.00 to be applied to the above mentioned submittals, as amended and as to be amended or supplemented or both.

Very truly yours,

R. S. Hunter
Vice President
