Subject: [External_Sender] 31-28719-01 RAM License renewal - question about Ni-63 sources
Date: Tuesday, October 24, 2017 11:28:02 AM

Ms. Ford:

I have researched the GC/MS devices that contain the Ni-63 sources. They are all sold as generally licensed devices. So, as we discussed in our phone conversation last week, there is no need to list these devices on our license. Please remove them from our application.

Do you wish me to send a letter to this effect?
