Docket No. 50-315

Document Control Manager:

In accordance with the criteria established by 10 CFR 50.73 entitled Licensee Event Report System, the following report is being submitted:

97-003-01

On October 9, 1997, a revision was made to prompt notification event report #32823. The revision deleted the "time to boil events and " statement made in the conclusion section of the report. This LER revision is being submitted to delete the same phrase. The LER text is marked to indicate the location of the revision.

The basis for this revision is that the subject safety review did not address time to boil events. Time to boil had been considered in one of the documents referenced by the subject safety review, and when the text of the notification was prepared, that knowledge was erroneously translated into a statement that the safety review had addressed it.

Sincerely,

A handwritten signature in cursive script that reads 'A. A. Blind'.

A. A. Blind
