Washington, D.C. 20555

Gentlemen:

Donald C. Cook Nuclear Plant Units 1 and 2
UPDATE TO PREVIOUS SPILL NOTIFICATION

Indiana Michigan Power Company is the holder of National Pollutant Discharge Elimination System (NPDES) permit number MI0005827 for Donald C. Cook Nuclear Plant. Section 5.4.2 to part II of appendix B (environmental technical specifications) to facility operating licenses DPR-58 and DPR-74 requires that reports of events that are reportable to other agencies be provided to the NRC.

In a letter dated September 25, 1998, the Michigan Department of Environmental Quality was notified of an update regarding an earlier spill of lubricating oil. In accordance with the environmental technical specifications, a copy of the notification is provided to the NRC.

If you have any questions or concerns regarding this notification, please contact John Carlson at 616/465-5901, extension 1153.

Sincerely,

A handwritten signature in dark ink, appearing to read "R. P. Powers", with a stylized flourish at the end.

R. P. Powers
Vice President

September 25, 1998

Dear Ms. Henning:

Subject: Supplemental Response to 7/10/98 Information Request

As required by Part 4 of the Information Request package from Mr. William E. Muno, USEPA, additional information regarding the June 17, 1998 oil spill event is being provided. This information serves as a supplement to our August 17, 1998 submittal.

While restoring the Unit Two Circulating Water System on (August 22, 1998), approximately three gallons of lubricating oil were recovered from a vent associated with the Miscellaneous Sealing and Cooling Water (MSCW) System. This oil originated from the spill that occurred on June 17, 1998. This portion of the MSCW System had been out of service since June 17, 1998.

In our report dated August 17, 1998, we reported that a total of 154 gallons of oil had been recovered. Based on the discovery of the three additional recovered gallons of oil, the revised amount of oil recovered from is now 157 gallons.

We will continue to provide updated information on the spill, as required by your letter. Should you have any questions please contact John Carlson at (616) 465-5901 ext. 1153.

Sincerely,

A handwritten signature in black ink, appearing to read "Douglas E. Cooper", written over a horizontal line.

Douglas E. Cooper
Plant Manager
