Dear Mr. Stello:

Re: Turkey Point Units 3 & 4
Docket Nos. 50-250 and 50-251

Enclosed for your information is a copy of the newly revised NPDES permit for the Turkey Point Plant. We are forwarding this document to you in accordance with Section 5.5.2 of the Appendix B (Environmental) Technical Specifications.

No environmental impact will result from the changes incorporated in the new permit. The Turkey Point Cooling Canal system operates without discharges to Biscayne Bay, Card Sound or other navigable waters of the U. S.; therefore, the reduction of monitoring requirements within the system will not result in increased impact on the surrounding environment.

Yours very truly,

J A De Mastry
