Attention: Mr. Victor Stello, Director  
Division of Operating Reactors  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Stello:

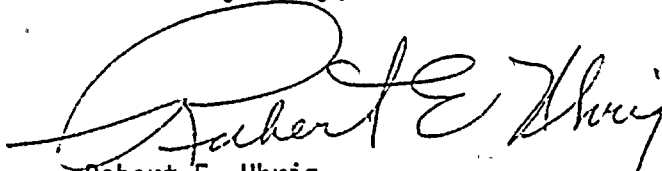

Re: Turkey Point Unit Nos. 3 and 4  
Docket Nos. 50-250 and 50-251  
Security Plan

Enclosed herewith are four (4) copies of changes to Revision 0 to the Turkey Point Plant Security Plan dated October 24, 1978. The copies are numbered MCD-55-1 through MCD-55-4. The revised plan is submitted in response to your letter of January 16, 1979. We understand that the plan as revised is acceptable to your staff. This plan as revised meets the requirements of 10 CFR 73.55.

By a copy of this letter, we are forwarding Serial No. MCD-55-5 of the changes to the plan to Mr. J. P. O'Reilly, Director of the Region II Office of Inspection and Enforcement.

Appendix C to the Turkey Point Security Plan is also enclosed and is submitted in accordance with your letter of January 23, 1979, which suggested that we develop compensatory measures for those items which we identified in our letter to Mr. Denton of January 10, 1979, as requiring additional time to complete. The compensatory measures in Appendix C do not decrease the effectiveness of the security plan and therefore do not require NRC approval prior to implementation in accordance with 10 CFR 50.54(P). We understand that Appendix C is acceptable to your staff.

Yours very truly,

  
Robert E. Uhrig  
Vice President
