TOTAL NUMBER OF COPIES REQUIRED: LTTR 30 ENCL 30

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is essential for the proper management of the organization's finances and for ensuring transparency in all operations.

2. The second part of the document outlines the various methods used to collect and analyze data. It describes how this information is used to identify trends, assess performance, and make informed decisions about future strategies.

3. The third part of the document focuses on the role of technology in modern business operations. It highlights the benefits of using digital tools for communication, collaboration, and data management, while also addressing the challenges associated with data security and privacy.

4. The fourth part of the document discusses the importance of human resources in achieving organizational success. It emphasizes the need for a skilled and motivated workforce, and outlines strategies for attracting, developing, and retaining top talent.

5. The fifth part of the document addresses the issue of sustainability and its impact on the organization's long-term viability. It discusses the various ways in which the organization can reduce its environmental footprint, promote social responsibility, and ensure the well-being of its stakeholders.

6. The sixth part of the document discusses the importance of innovation in driving growth and competitive advantage. It outlines the various ways in which the organization can foster a culture of innovation, encourage creative thinking, and bring new ideas to market.

7. The seventh part of the document discusses the importance of risk management in protecting the organization's assets and ensuring its long-term survival. It outlines the various ways in which the organization can identify, assess, and mitigate risks, and emphasizes the need for a comprehensive risk management framework.

8. The eighth part of the document discusses the importance of customer satisfaction in driving business success. It outlines the various ways in which the organization can understand its customers' needs, deliver high-quality products and services, and build strong, lasting relationships.

9. The ninth part of the document discusses the importance of financial management in ensuring the organization's financial health and stability. It outlines the various ways in which the organization can manage its cash flow, control its costs, and optimize its financial performance.

10. The tenth part of the document discusses the importance of strategic planning in setting the organization's direction and achieving its long-term goals. It outlines the various ways in which the organization can develop a clear vision, set realistic objectives, and implement effective strategies to achieve its mission.

11. The eleventh part of the document discusses the importance of legal and regulatory compliance in ensuring the organization's adherence to all applicable laws and regulations. It outlines the various ways in which the organization can stay up-to-date on changes in the legal and regulatory landscape, and ensure that all operations are conducted in a lawful and ethical manner.

12. The twelfth part of the document discusses the importance of corporate governance in ensuring the organization's accountability and transparency to its stakeholders. It outlines the various ways in which the organization can establish a strong governance framework, and ensure that all decisions are made in the best interests of the organization and its stakeholders.

13. The thirteenth part of the document discusses the importance of crisis management in preparing the organization for and responding to unexpected events. It outlines the various ways in which the organization can develop a comprehensive crisis management plan, and ensure that all employees are trained and prepared to respond effectively in the event of a crisis.

14. The fourteenth part of the document discusses the importance of performance management in ensuring the organization's ongoing improvement and success. It outlines the various ways in which the organization can set clear performance goals, monitor progress, and provide feedback to employees to ensure that they are working towards the organization's objectives.

15. The fifteenth part of the document discusses the importance of stakeholder engagement in ensuring the organization's long-term success. It outlines the various ways in which the organization can identify its key stakeholders, understand their needs and interests, and engage them in the organization's decision-making process.

16. The sixteenth part of the document discusses the importance of innovation in driving growth and competitive advantage. It outlines the various ways in which the organization can foster a culture of innovation, encourage creative thinking, and bring new ideas to market.

17. The seventeenth part of the document discusses the importance of risk management in protecting the organization's assets and ensuring its long-term survival. It outlines the various ways in which the organization can identify, assess, and mitigate risks, and emphasizes the need for a comprehensive risk management framework.

18. The eighteenth part of the document discusses the importance of customer satisfaction in driving business success. It outlines the various ways in which the organization can understand its customers' needs, deliver high-quality products and services, and build strong, lasting relationships.

19. The nineteenth part of the document discusses the importance of financial management in ensuring the organization's financial health and stability. It outlines the various ways in which the organization can manage its cash flow, control its costs, and optimize its financial performance.

20. The twentieth part of the document discusses the importance of strategic planning in setting the organization's direction and achieving its long-term goals. It outlines the various ways in which the organization can develop a clear vision, set realistic objectives, and implement effective strategies to achieve its mission.

21. The twenty-first part of the document discusses the importance of legal and regulatory compliance in ensuring the organization's adherence to all applicable laws and regulations. It outlines the various ways in which the organization can stay up-to-date on changes in the legal and regulatory landscape, and ensure that all operations are conducted in a lawful and ethical manner.

22. The twenty-second part of the document discusses the importance of corporate governance in ensuring the organization's accountability and transparency to its stakeholders. It outlines the various ways in which the organization can establish a strong governance framework, and ensure that all decisions are made in the best interests of the organization and its stakeholders.

23. The twenty-third part of the document discusses the importance of crisis management in preparing the organization for and responding to unexpected events. It outlines the various ways in which the organization can develop a comprehensive crisis management plan, and ensure that all employees are trained and prepared to respond effectively in the event of a crisis.

24. The twenty-fourth part of the document discusses the importance of performance management in ensuring the organization's ongoing improvement and success. It outlines the various ways in which the organization can set clear performance goals, monitor progress, and provide feedback to employees to ensure that they are working towards the organization's objectives.

25. The twenty-fifth part of the document discusses the importance of stakeholder engagement in ensuring the organization's long-term success. It outlines the various ways in which the organization can identify its key stakeholders, understand their needs and interests, and engage them in the organization's decision-making process.

26. The twenty-sixth part of the document discusses the importance of innovation in driving growth and competitive advantage. It outlines the various ways in which the organization can foster a culture of innovation, encourage creative thinking, and bring new ideas to market.

27. The twenty-seventh part of the document discusses the importance of risk management in protecting the organization's assets and ensuring its long-term survival. It outlines the various ways in which the organization can identify, assess, and mitigate risks, and emphasizes the need for a comprehensive risk management framework.

28. The twenty-eighth part of the document discusses the importance of customer satisfaction in driving business success. It outlines the various ways in which the organization can understand its customers' needs, deliver high-quality products and services, and build strong, lasting relationships.

29. The twenty-ninth part of the document discusses the importance of financial management in ensuring the organization's financial health and stability. It outlines the various ways in which the organization can manage its cash flow, control its costs, and optimize its financial performance.

30. The thirtieth part of the document discusses the importance of strategic planning in setting the organization's direction and achieving its long-term goals. It outlines the various ways in which the organization can develop a clear vision, set realistic objectives, and implement effective strategies to achieve its mission.

31. The thirty-first part of the document discusses the importance of legal and regulatory compliance in ensuring the organization's adherence to all applicable laws and regulations. It outlines the various ways in which the organization can stay up-to-date on changes in the legal and regulatory landscape, and ensure that all operations are conducted in a lawful and ethical manner.

32. The thirty-second part of the document discusses the importance of corporate governance in ensuring the organization's accountability and transparency to its stakeholders. It outlines the various ways in which the organization can establish a strong governance framework, and ensure that all decisions are made in the best interests of the organization and its stakeholders.

33. The thirty-third part of the document discusses the importance of crisis management in preparing the organization for and responding to unexpected events. It outlines the various ways in which the organization can develop a comprehensive crisis management plan, and ensure that all employees are trained and prepared to respond effectively in the event of a crisis.

34. The thirty-fourth part of the document discusses the importance of performance management in ensuring the organization's ongoing improvement and success. It outlines the various ways in which the organization can set clear performance goals, monitor progress, and provide feedback to employees to ensure that they are working towards the organization's objectives.

35. The thirty-fifth part of the document discusses the importance of stakeholder engagement in ensuring the organization's long-term success. It outlines the various ways in which the organization can identify its key stakeholders, understand their needs and interests, and engage them in the organization's decision-making process.

36. The thirty-sixth part of the document discusses the importance of innovation in driving growth and competitive advantage. It outlines the various ways in which the organization can foster a culture of innovation, encourage creative thinking, and bring new ideas to market.

37. The thirty-seventh part of the document discusses the importance of risk management in protecting the organization's assets and ensuring its long-term survival. It outlines the various ways in which the organization can identify, assess, and mitigate risks, and emphasizes the need for a comprehensive risk management framework.

38. The thirty-eighth part of the document discusses the importance of customer satisfaction in driving business success. It outlines the various ways in which the organization can understand its customers' needs, deliver high-quality products and services, and build strong, lasting relationships.

39. The thirty-ninth part of the document discusses the importance of financial management in ensuring the organization's financial health and stability. It outlines the various ways in which the organization can manage its cash flow, control its costs, and optimize its financial performance.

40. The fortieth part of the document discusses the importance of strategic planning in setting the organization's direction and achieving its long-term goals. It outlines the various ways in which the organization can develop a clear vision, set realistic objectives, and implement effective strategies to achieve its mission.

Office of Nuclear Reactor Regulation
Attention: Mr. Paul F. Collins, Chief
Operator Licensing Branch
Division of Project Management
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Collins:

Enclosed is a proposed revision dated March 13, 1980 to Turkey Point Plant Administrative Procedure 0301, Licensed Operator Requalification Program.

This proposed revision is submitted in accordance with the requirements of 10CFR 50.54 (i-1) and is consistent with the outcome of conversations between Mr. Joseph J. Buzy (NRC) and Mr. Kenneth E. Beatty (FPL) concerning resolution of identified deficiencies in examination categories. The conversations and resulting revision are the result of an open item on I & E inspection report 250/79-16 and 251/79-16, dated June 25, 1979.

We have also, at this time, incorporated other changes which we felt were appropriate.

Your timely review of this revision is appreciated.

Your very truly,

Robert E. Uhrig

Robert E. Uhrig
Vice President
Advanced Systems & Technology
