Washington, D.C. 20555

Dear Mr. Varga:

Re: Turkey Point Units 3 & 4
Docket Nos. 50-250 & 50-251
Fire Protection

This is an update on our letter (L-79-128) dated May 21, 1979 which gave a schedule for implementation of Fire Protection modifications.

In section 3.1.15, Control of Combustibles, the diesel oil transfer isolation solenoid valves (Item 7) were originally scheduled for installation by December 1980. A purchase order was issued for these valves, but our vendor has informed us that these non-standard valves will not be available for delivery until the first quarter of 1981 at the earliest. Our new proposed implementation date is April 1981.

Very truly yours,

J. A. De Mastry
